1. Purpose

This Pricing Policy (**Policy**) sets out the principles that Sympli Australia Pty Ltd ABN 43 624 341 420 (**Sympli**) will use to determine its fees provided with respect to Sympli's Electronic Lodgment Network (**ELN**).

These principles are designed to ensure that the ELNO Transaction Service Fees charged by Sympli:

- are determined equitably, reasonably and transparently;
- are revised as necessary to meet commercial and regulatory requirements; and
- support the sustainability of Sympli's ELN services.

Regulatory requirements applicable to this Policy include the Operating Requirements, which requires Sympli as an Electronic Lodgment Network Operator (**ELNO**) to determine its fees according to a publicly available, equitable and transparent pricing policy which is kept current by Sympli and includes the manner in, and frequency of which prices will be reviewed by Sympli.

2. Fees Charged to Subscribers

This Policy covers the fees payable by a Subscriber to Sympli for Transaction Services provided to a Subscriber. There may be other fees payable by a Subscriber for the provision of additional products or services that are not Transaction Services. This Policy does not cover fees for these types of products and services, as these will be agreed directly between Sympli and a Subscriber.

3. When we charge fees

Sympli does not charge fees for Subscribers to subscribe to the Sympli ELN.

ELNO Transaction Service Fees (other than Title Information Resupply) are charged to a Subscriber only upon a successful Transaction basis and will be based on whether there is one title per Transaction (single title) or more than one title (multiple titles) per Transaction. These ELNO Transaction Service Fees will be payable by a Subscriber once a successful Transaction occurs, unless otherwise agreed by Sympli and a Subscriber.

Title Information Resupply fees are charged to a Subscriber at the end of the day on which the service is ordered.

There may be limited circumstances where ELNO Transaction Service Fees are charged on another basis, which will be stated in Sympli's Pricing Schedule. These ELNO Transaction Service Fees will be payable by a Subscriber as specified in Sympli's Pricing Schedule.

ELNO Transaction Service Fees may vary for Subscribers according to factors such as the type of Transaction being conducted and the role of the Subscriber in a Transaction.

4. How our fees are determined

Sympli's objective is to price competitively and provide value for money for the Transaction Services offered in a competitive ELN market.

ELNO Transaction Service Fees may be tiered when serving a specific Subscriber class. Sympli may also reduce ELNO Transaction Service Fees from time to time for promotional periods.

Sympli will review its ELNO Transaction Service Fees on an annual basis, however this may be done more frequently to ensure that we continue to deliver value for money in a competitive ELN market.

Our ELNO Transaction Service Fee review is regulated by ARNECC and we can only adjust the ELNO Transaction Service Fees published in the Pricing Schedule in accordance with the Operating Requirements.

This includes:

- an annual review of the ELNO Transaction Service Fees with respect to CPI;
- an increase in fees charged to us by Land Registries; and
- any other change in pricing approved by the Registrar in accordance with the Operating Requirements, including as a result of changes to Sympli's insurance premiums, operating costs as a result of regulatory change, or when other fees, charges or costs are imposed upon Sympli by the Registrar, Land Registry or any other government agency.

Before any change to pricing, Sympli will notify all Subscriber of any change at least 20 Business Days prior to the changed prices being charged.

5. Where our fees are published

Sympli will prepare and publish on its website, (www.sympli.com.au/pricing/) a Pricing Schedule prepared in accordance with this Policy. The Pricing Schedule will set out the ELNO Transaction Service Fees applicable for transaction services provided by Sympli. Any revisions made by Sympli to ELNO Transaction Service Fees will be notified in advance to Subscribers, which may be through the publishing of an updated Pricing Schedule on Sympli's website.

Sympli will not charge for Transaction Services at a fee greater than the amount specified in the published Pricing Schedule.

6. Pricing Policy Definitions

In this Policy:

(a) Capitalised terms used in this Policy that are otherwise not defined in the Policy have the same meaning given to them in the ECNL, the Participation Rules or the Operating Requirements set out by ARNECC; and

(b) The following definitions apply:

ARNECC means Australian Registrars National Electronic Conveyancing Council;

Successful Transaction means:

- for a registration-only Conveyancing Transaction – when all of the documents for that Conveyancing Transaction have been successfully lodged with the Land Registry; and
- for Conveyancing Transactions involving financial settlement - when all of the documents for that Conveyancing Transaction have been successfully lodged with the Land Registry and the exchange of funds with respect to that Conveyancing Transaction has occurred.

ECNL means the Electronic Conveyancing National Law as adopted or implemented in a Jurisdiction by the Application Law, as amended from time to time.

ELNO Service Fee means fees charged by Sympli to a Subscriber for access to, and use of, the Sympli ELN;

Sympli ELN means all software, functionality, services, and capability associated with the ELN that is developed, operated and/or maintained by Sympli; and

Transaction Service means the facilitation of lodgment and settlement of Conveyancing Transactions on the Sympli ELN.
